

Mining Contractors and Engineers

Mining Contractors and Engineers

Guidelines For Success

We are honest, fair and responsible.

We make accurate schedules and budget forecasts that are managed and met to the best of our abilities without surprise.

We work by our principles of
"SAFETY - FIRST, LAST, AND ALWAYS."

We never criticize our competition.

We give and publish
well-written technical papers.

We do not over commit.

We ask if we don't know the answer.

We remember that our goal is
to serve our clients well.
Excuses are unacceptable.

We act in the long-term interest of
our company and our clients.

We do not take advantage of
short-term situations.

Mining Contractors and Engineers

Our Philosophy

The Redpath Group Philosophy
makes a commitment to:

provide a level of service to the
mining industry which will exceed
normally accepted standards;

create a desire in the industry
for our continuing services;

provide scope and
challenge for our employees;

control growth in order to maintain a
high calibre of service to the industry.

This philosophy has served Redpath
well since 1962, and it will continue
to support our belief that, at Redpath,

"Challenge is an important part of life"
